The Best In Practice

Who We Are

HuFriedyGroup is a global leader in dental instrument manufacturing, infection prevention, and instrument reprocessing workflows, with over 200 years of collective experience in the dental industry.

HuFriedyGroup is the combination of Hu-Friedy, Omnia, and Crosstex International, bringing together a combination of companies under one roof to deliver the products, services, and solutions dental professionals need to be the best in practice.

Together, HuFriedyGroup brings world-class products, services, education, and communities that result in superior clinician performance, clinical outcomes, and safety for clinicians and patients. Headquartered in Chicago, HuFriedyGroup products are distributed in more than 100 countries, and the dental division maintains offices in Germany, Italy, China, and Japan.

What Can You Expect From HuFriedyGroup?

World-Class Products

Our unwavering passion and unrivaled expertise in the dental industry is evident in the instruments and infection prevention products you trust each and every day.

Compliance & Protection

We provide solutions that help you ensure a safe environment for patients and staff.

Service & Support

Through our community platforms, customer service and educational programs, we provide you with the information and tools you need to perfect your craft.

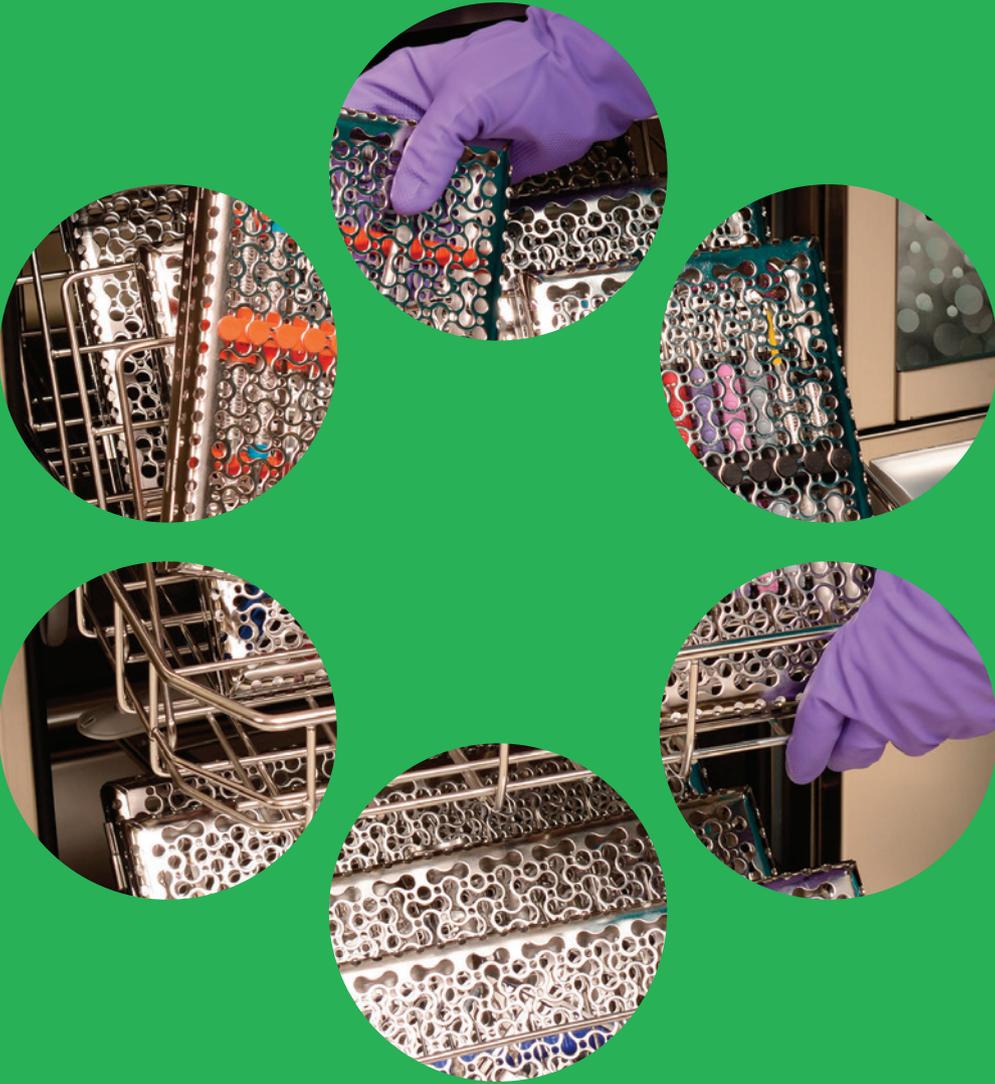

Instrumentation and Procedural Products

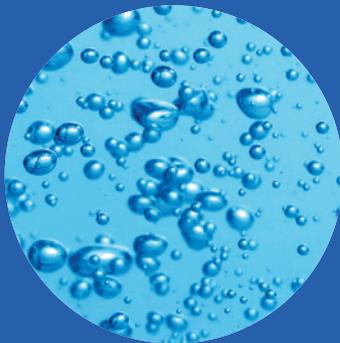

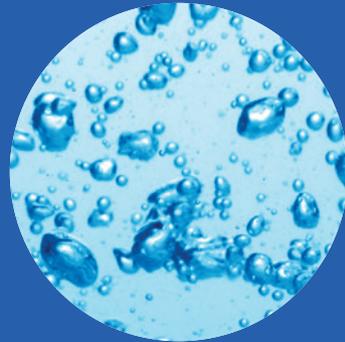

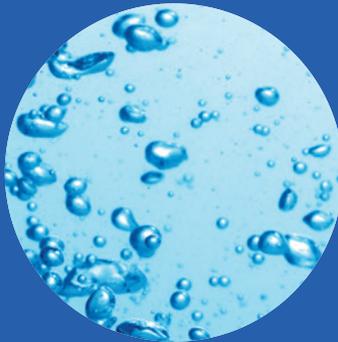

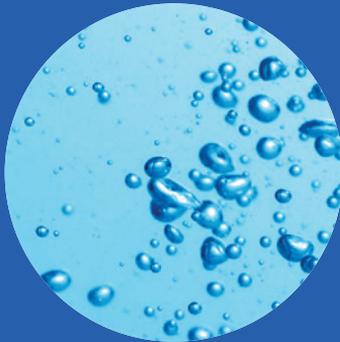

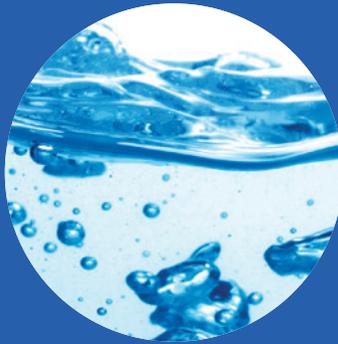

From hand scaling to orthodontics, surgical instruments and consumables, and more, we are your go-to destination for instrumentations and procedural products. Since 1908, we have been and continue to be a global leader in dental instrument manufacturing. Be the best in practice and achieve superior clinical outcomes with our wide range of instrumentation and procedural products, including sutures and blades.

Infection Prevention & Instrument Management

Infection prevention is the cornerstone of every successful dental practice. While transmission of infectious agents and diseases in the dental setting is rare, it does happen, which is why it's critical to continually reinforce the importance of best practices and industry standards. We have the solutions you need to create a culture of safety, compliance, and efficiency at your office.

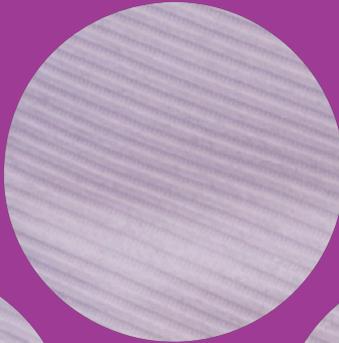

Dental Water Management

Poor water quality can harm patients, staff and equipment – not to mention the reputation of your practice. Our comprehensive line of dental water products can help to improve patient care, staff productivity and practice profitability, while helping to maintain compliance* with regulatory guidelines.

*Compliance = Compliance with current EPA potable water standard of <500 CFU/mL

Operator Supplies

Operator Supplies are the items you need to perfectly complement your HuFriedyGroup instrumentation, instrument management and infection control products. With saliva ejectors and HVE tips, barriers, covers & towels, cotton/non-woven products, cups and more, we can help you round out any treatment with the highest quality treatment accessories you will use each and every day.

We help you to be The Best In Practice

Strategic Markets

HuFriedyGroup stands behind quality products and excellent service. We understand the need to implement tailored programs on time and within budget for the various Institutions we support, including hospitals, government, and military.

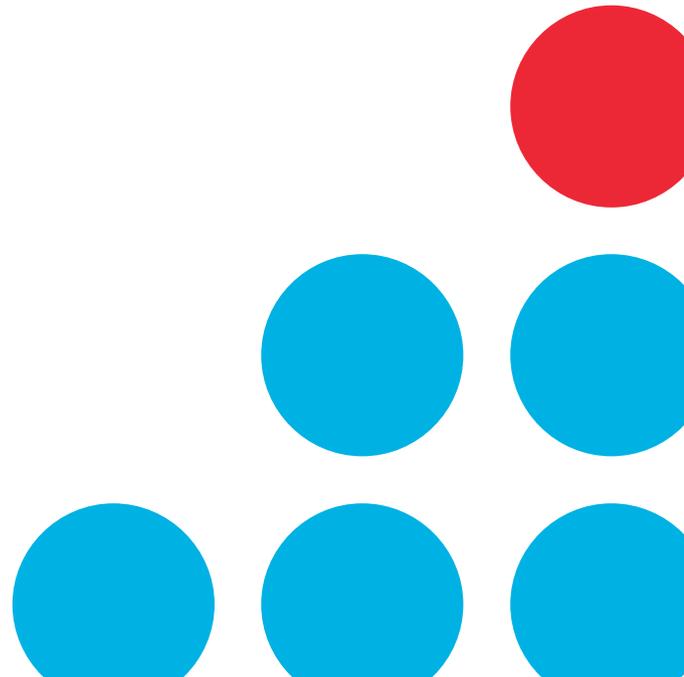

Group Practices rely on HuFriedyGroup now more than ever. As the number of group practices grow, HuFriedyGroup is there to help them realize efficiencies and productivity gains through our unique solutions and personalized attention.

University Program

HuFriedyGroup believes that the university world represents the future of the dental sector. That's why we created our dedicated HuFriedyGroup University Program, developed to establish a direct connection between students, Universities, Institutions and our Company. Our main goal is to promote a high level of support for students and faculties providing them with innovative products and solutions throughout their careers.

We help you to be The Best In Practice

KOL & Education

Key Opinion Leaders have a long history of supporting the development of our instrument product portfolio.

As HuFriedyGroup, our Key Opinion Leader program will continue to strongly impact and influence the way we shape, design, and create our product offerings. We place great emphasis on maintaining collaborative relationships between our company and opinion leaders. Our team of artisans, engineers and product specialists encourage our partners to provide input throughout the ideation, research, development, and execution processes. We recognize the important role our Key Opinion Leaders play in advancing dentistry and helping HuFriedyGroup continue to be a world leader in dental product innovation.

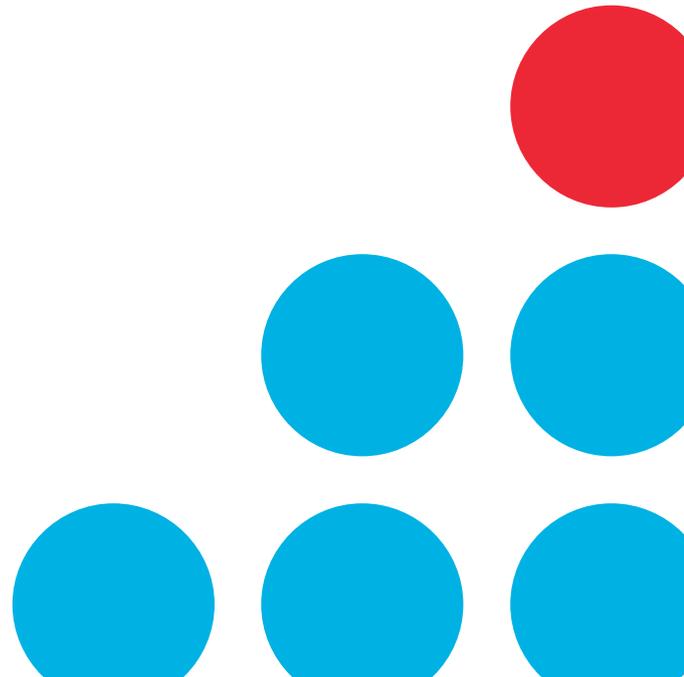

Technical Care Center

HuFriedyGroup is committed to advancing dental performance including a robust Technical Care team that offers a turnkey approach of sharpening, repair, and reconditioning services onsite.

Provided by a dedicated group of skilled technicians, these individuals have over 200 years of combined instrument knowledge and can manage a wide range of repairs and refurbishing needs.
