

Your turning point.

Are you a dental professional looking for a reliable and effective solution to combat peri-implantitis? Look no further than the **iMPACT** tool.

Peri-implantitis is a serious condition that can lead to implant failure and the need for additional surgeries. But with the **iMPACT** tool, you can effectively decontaminate both the implant and surrounding bone, leaving a clean surface for Osseointegration.

Join us in our mission to empower dental professionals worldwide with iMPACT:

Hall: 04.2 / Corridor: j / Booth: #067
