

Lilivis MILL

Ultimate Collection
for your Digital Dentistry

Completion of 'Same day Dentistry'

Lilivis MILL is 'The Chair Side Milling Solution' developed with outstanding technology proven over 15 years in the field of precision machining. Experience true 'Same Day Dentistry' with Lilivis MILL, a fast and precise milling system.

Fast and precise with Dual Spindle, Lilivis MILL

Lilivis MILL is the best option for the Chair Side MILL. Powerful 'Dual Spindle' provides precise result in a short time. In addition, the compact design allows you to be free from space constraints.

Speedy

Using the high performance in house designed 'Dual Spindle (Max 50,000RPM)', quickly complete precise restorations.

Compact

The integrated (no-compressor, built-in water pump) system and compact design allow you to be free from the limitations of installation space in the clinic and manage the work environment comfortably.

Precise

Implement sophisticated toolpaths and improve the precision of machining results through real-time position control solutions.

User Friendly

The LED Progress Bar allows you to remotely check the work progress. And 7-inch touch screen intuitively provide various maintenance information including tool management and work progress.

Specifications

Model	LM-100
Type	Wet Grinding, Milling
Axis	4+2 Axis
Spindle	4 Motors, Dual Spindle
Spindle Speed	Max 50,000 RPM
Processing Time	8-15 Min. (@Grinding)
Positioning Resolution	< 1um
Available Materials	Lithium Disilicate, Glass/Hybrid Ceramic, Zirconia, PMMA
Application	Crowns, Bridges, Inlays, Onlays, Veneers
Water Pump	Built-in
Dimensions (W/D/H)	750/450/450
Weight	65 kg
