HIRING DENTISTS AND DOCTORS

Founded in 2021, CILAE Santé Group is operating in Health Centers sector. With 15 Centers on the French territory, mainly based in Paris and neighborhood area, our company is quickly growing and by the end of 2023 will support more than 35 centers.

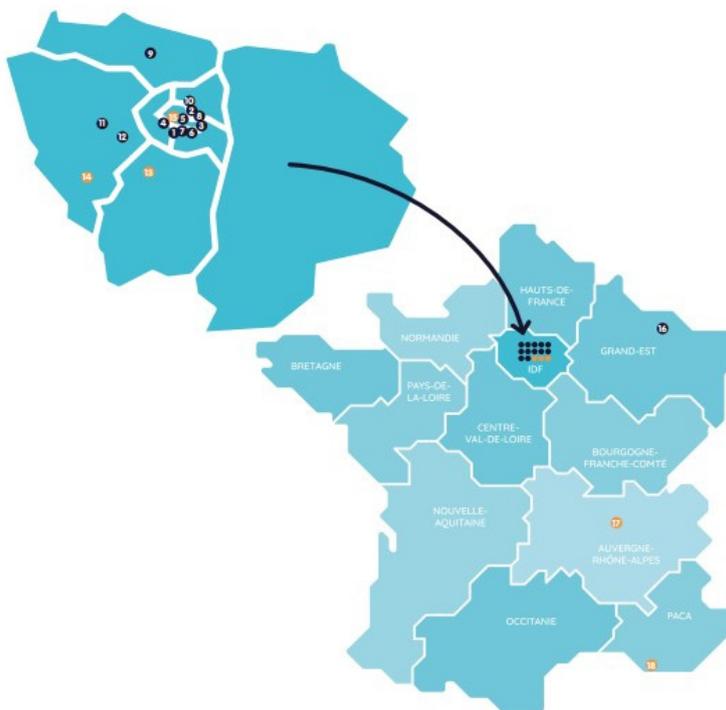

Our Group places Ethics at the heart of its priorities and we support all Centers with management and administration skills and recruitments.

CILEA Santé is currently, recruiting experienced practitioners and doctors. To guarantee the highest quality and safety of the care provided to patients and ensure the best conditions of practice, we offer an continuous education program.

Our dental training program includes :

- 8 days of training (4 modules) with renowned practitioners in endodontics, periodontics/implantology, Inlay/Onley, impression cutting and prosthesis fitting,
- Individual chairside coaching by experienced consulting practitioners,
- Assist practitioners in enrolling in the Group continuing education system,
- Assist practitioners for mandatory training courses: AFGSU, Cone Beam reading, Radiation protection

CILAE Santé will also provide specific support for practitioners who have graduated from the European Union: perfecting their French language skills and assisting them with administrative procedures to get the official autorisation right to practice and sett up a practice in France.
