WellMatt is proud to be the largest natural mattress brand in Turkey and exports its sleep products to many countries in Europe, America, Middle East and Africa. All of our products are made in our own production facilities in the beautiful Aegean City Izmir and the Capital City Ankara in Turkey.

WellMatt Izmir/Türkiye Factory

We use materials from reliable sources with a wide range of certifications such as Oekotex, FSC, GOTS, GOLS, etc.

Mattresses for Babies and Kids:

We have a higher concern when it comes to mattresses for babies and kids like many other parents and adults. Our Motto is: We do not manufacture anything that we would not use for our own kids. We definitely do not use any harmful materials in our Baby/Kids Mattresses. We are proud to say that only certified and natural materials are used in our products to help babies/kids sleep better and grow healthy, supporting their spinal development, are hypoallergenic, are free from mites, mildews and bacteria, and are also breathable, reduce risk of asthma and SIDS.
