# Hello!

## About us

Lytton Veneer is a leading pioneer manufacturer and supplier of various veneers that are extensively used for furniture and decoration, hotels and restaurants, doors and flooring, musical instruments and art crafts etc.

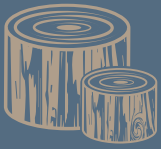

Lytton sources logs from original forests or yards directly, slices in China and Vietnam professionally.

North America, Chinese, European and African species, dyed, smoked, washed and rough cut veneers are also available. Particular species, thickness and demands can be customized.
