AFTER

1. After applying the tile adhesive:

- * Slide the clips under the tile.
- * According to the size of the tile, one or more clips per side.
- * Tapping the tile.

2. Screw the cap onto the clip

3. Turn the cap all the way to the end and tighten it to level the tile level.

4. Once the tile adhesive is fully dried, you can break the top part of the clips with a rubber mallet or the shoe in the direction of the joint.
