Certifications and Sustainability

- Certified quality, environmental and energy management system according to DIN EN ISO
- Product certification in compliance with national and international standards
- Global trade certification
- Product development, manufacture, packaging, and shipment in line with strict environmental requirements
- Active member of the UN Global Compact and thus express commitment to its ten principles in the areas of human rights, labour standards, environmental protection and the fight against corruption

Production

VS performs its development and production operations exclusively at its headquarters in Tauberbischofsheim – with a high level of integrated internal parts and component production and guaranteed "Made in Germany" quality.

- Production area of more than 130.000 square meters in 7 plants with a state-of-the-art machine pool
- Core competencies in the key manufacturing areas of sheet and tubular steel machining

Product Portfolio

The broad VS product range is based on modular systems. This makes it possible to respond flexibly to customers' wishes and to offer tailor-made customer solutions.

- Education: Pupils' and teachers' chairs, pupils' and teachers' desks/tables, cabinet-type units, padded elements
- Office: Workplaces, swivel and multipurpose chairs, cabinet-type units, room partition elements, padded elements
- Boards, displays, whiteboards, projection surfaces and media systems for interactive learning and visual collaboration

Sales

In Germany, VS sells directly to its customers and also co-operates with selected distribution partners worldwide. Short communication paths, great proximity to our customers and professional product support all come as standard at VS.

- Sales branches in Germany: Berlin, Dortmund, Munich, Tauberbischofsheim
- Subsidiaries: VS Visuelle Medien, VS Service (both Tauberbischofsheim/Germany), Mobilier VS (Asnières/France), VS America (Charlotte/USA), VS Furniture Middle East FZC (Sharjah/United Arab Emirates), VS Furniture Southeast Asia Pty Ltd. (Australien)

Services

With its network of dedicated VS consultants, planning offices, project managers and key account managers throughout Germany, VS offers end-to-end customer support in the fields of both furniture and fittings and visual media.

- Consulting and installation planning, delivery, assembly and service
- Consulting and planning for media system solutions, delivery and assembly, software installation, training and system support
- Professional on-site project management and implementation
- Logistics concepts and control during conversions and relocations
