

# LUU KIDS

## With Care Of Your Child's Health

LUU is more than just a pacifier – it's a commitment to your baby's harmonious development.

**Modern medicine and orthodontics have undergone a remarkable transformation, and LUU stands at the forefront, embracing the latest scientific advancements.**

Designed with oral health and proper dental development in mind, LUU supports optimal tongue positioning and palate formation, while eliminating the risk of malocclusion. Its innovative design enhances the natural sucking reflex, ensuring comfortable breathing and effortless swallowing of saliva. By staying aligned with cutting-edge medical discoveries, LUU is the best choice for your child's health and proper development.
