

Do Not Waste Extracted Tooth

ATB Auto-Tooth Bone Graft System

● EXCELLENCE

- ☆ Excellent resistance to infection after implant
- ☆ Excellent bite force endurance after bone remodeling

● SAFETY

- ☆ No infection and loss of volume after wound dehiscence
- ☆ No risk of genetic diseases Due to use of patient's own tooth

● COST-EFFECTIVITY

- ☆ Ability 3cc with single processing
- ☆ Reduced treatment time due to fast bone remodeling
- ☆ Long-term preservation of easy access whenever(like a tooth bank!)
