CAD Software

With ALL-CONEC CAD SW,
create accurate and precise one-day prosthetics.

1 Advanced chairside software

All your prosthetic needs—surgical guides, crowns, and dentures—are conveniently available on a single platform.

2 Design and create your prosthetics all in one day

Consult with the patient in real-time to customize their own prosthetics.

3 No more frustrating surgical guide reports!

View your surgical plan by using the 3D web viewer anytime, anywhere.

Platform

Communicate effectively with dental labs using
the digital prosthetics ordering system.

1 Still waiting on your dental prosthesis?

Drastically reduce the miscommunication between dental labs to boost your confidence in your treatment.

2 Recurring issue of remakes!

Minimize unnecessary remakes and maximize efficiency

3 Are you keeping track of your lab fees?

Check accurate lab fees with a flawless digital process

IoT 3D Printer

IoT 3D Printer will
make your dental life easier.

1 Forget about the hassle of slicing work (SW)

Slicing work will be taken care of by the dental labs on our platform

2 On the spot creation with no wait time

Save delivery time and shipping costs by streamlining the production and delivery process

3 Print from anywhere, no matter where you are

The printer keeps working even when you're off the clock.
