Technical Specifications

Unique design

Optimized Package and Ergonomics Usage

The innovative system of dental implants Splant is a Korean company which offers the dentists the best solutions of the highest quality and accuracy in implantology

Experience We have been focusing on the development their by products.

countries of the world.

s biological compatibility with bone.

which is the component of the bone.
It affects the stabilities of the ossteointegration.

Technical Specifications

✓ Cutting line for Laboratory technician ✓ Prevent the rotation of crown

✓ Aesthetic

All abutment are treated with TiN coating to 30° Tapered locking screw head and the ensure excellent aesthetics under the tissue abutment fit with friction, affects the cold weld

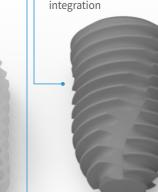

√ Minimized screw loosening

√ Strong Conical Connection

Internal conical connection with Hexagonal offers high mechanical strength. Influences well on the stability process of permanent dental prostheses

Strong Conical Connection

Internal conical connection with Hexagonal offers high mechanical strength. Influences well on the stability process of permanent dental prostheses

Prevent damage

Curving in apical part design can prevent from the damage of anatomical bone structure

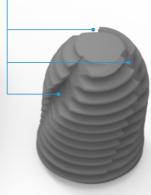

Contain chip bone

Keep the bone in S pocket, during the implantation and it improves the osseointegration

Adjustment of implant position

3 spiral round Cutting blade on the apex enable to adjust the implant position during the placement and accommodates bone chips

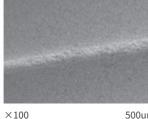

High Primary stability Unique implant design

to achieve high primary stability in the case of soft bone or extraction sockets

Unique implant design helps S pocket It gives less torque and less bone loss during the implantation

×5.00k

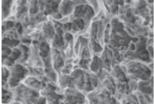

500um ×1.00k

Double thread provides shorten placement time. And secures early fixation for acid etching to improve weak bone condition

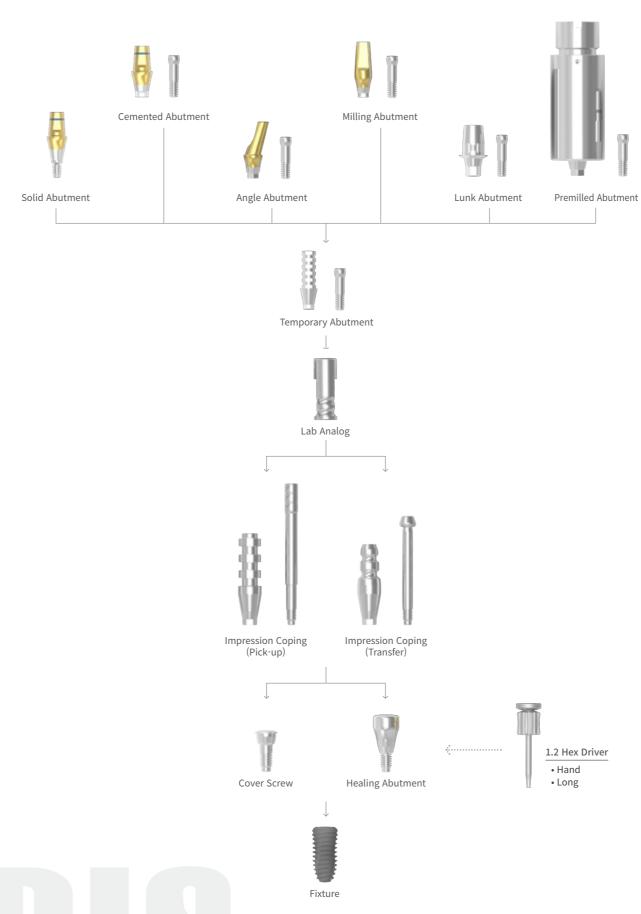

Sandblasting with Hydroxyapatite (HA) and surface roughness as a surface treatment

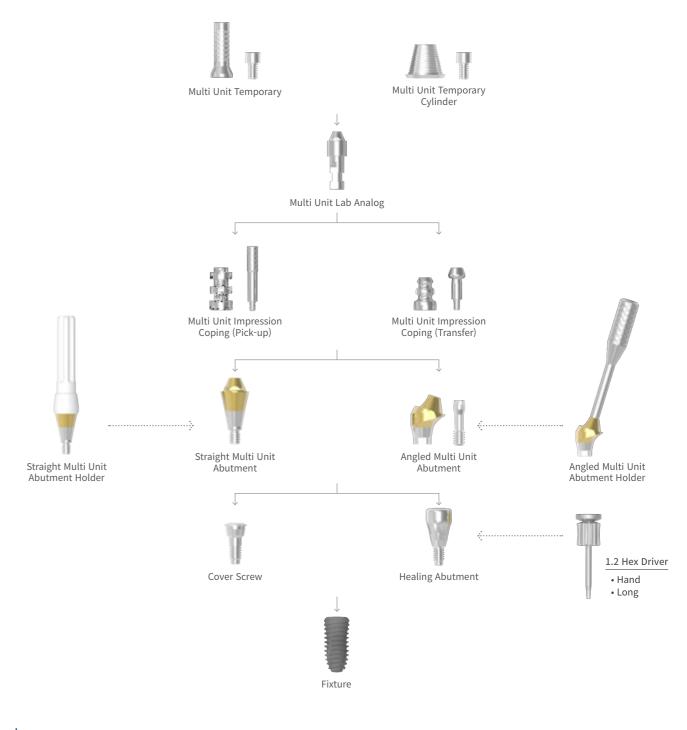

5.00um

General / Digital Prosthetic System

Multi Unit System

Surgial Kit
