

Butterfly Matrix

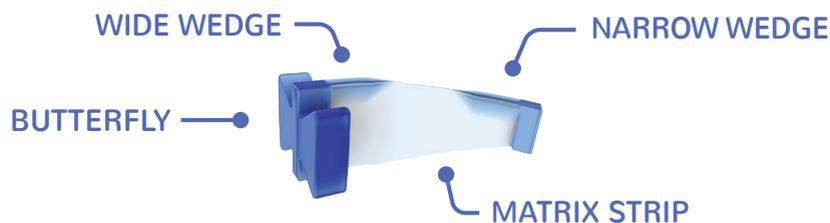

ALL-IN-ONE SMART ANTERIOR STRIP & WEDGE

Are you still using flimsy celluloid strips and stiff wedges?

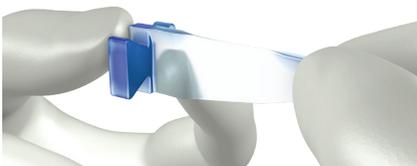

Developed by Dr. Sigal Jacobson

The innovator behind Uvener™ and Paladex™

Separates - Isolates - Wedges - Self Supports

STRIP

- Separates and isolates adjacent teeth
- Stretches: easy to insert and remove
- One size fits all

WEDGE

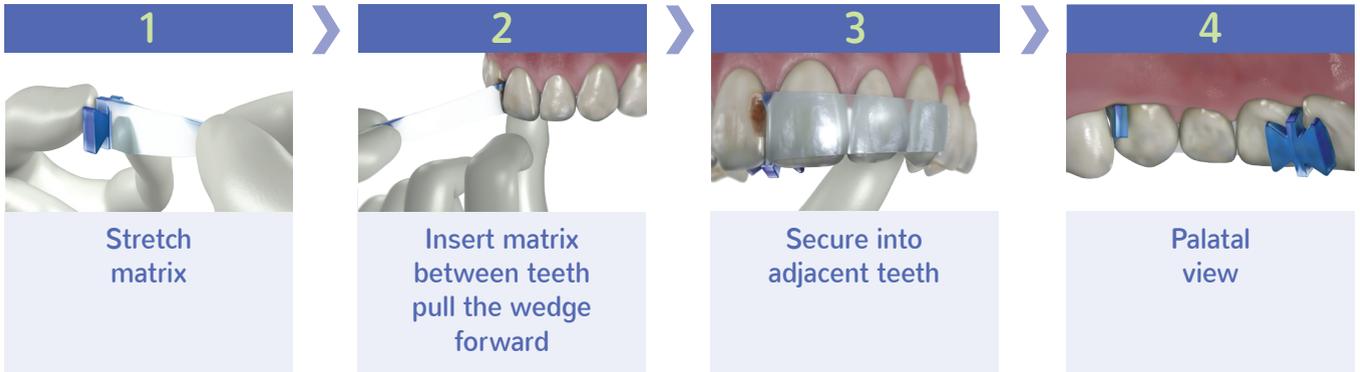

- Soft: fits narrow and large embrasures
- Acts as a dam: isolates bleeding

BUTTERFLY

- Self supports: dentists work hands-free
- Index for Class III restorations
- Holds strip in diastema cases
