The main feature of the new Scilm Gola profile system is its versatility.

Comprising only two profiles, it provides a variety of solutions: it can be painted, coated, positioned horizontally or vertically; it includes accessories and has a practical and quick fixing system in line with Scilm's make it easy philosophy, which respects each step of assembly operations.

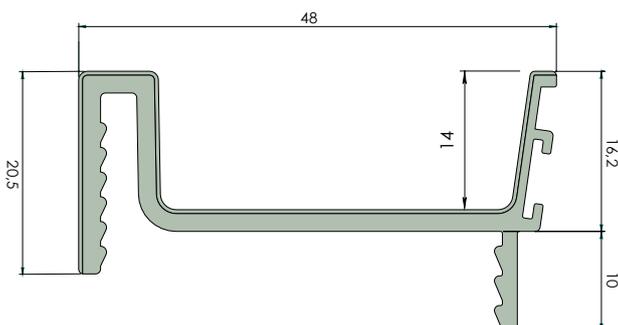

de

Die Hauptmerkmale des neuen Gola Programms von Scilm ist seine Vielseitigkeit.

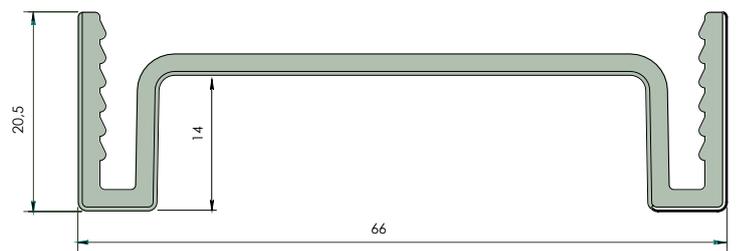

Bestehend aus nur zwei Profilen, bietet zahlreiche Lösungen: es ist lackierbar, beschichtbar, horizontal oder vertikal positionierbar, mit Zubehör komplett ausgestattet und verfügt über ein praktisches und schnelles Befestigungssystem, das der "Make it easy" Philosophie von Scilm entspricht und jeden Fertigungsschritt sowie die Montage erleichtert.
