

The Ahmad Tea Chronicles

A Legacy Brewed in Balance & Precision

Taste isn't just an attribute; it's the foundation of our four-decade legacy

Ahmad Tea was founded on a promise from our chairman: to never sell tea he wouldn't proudly drink at home. This commitment to extraordinary quality remains our guiding principle, as we celebrate our 40th anniversary next year in 2026.

For 39 years, our family-owned company has thrived, supported by four generations of tea expertise. Today, our dedication to exceptional taste reaches 90 markets globally. We foster an innovative culture where quality and taste are never compromised.

Our 25 tea tasters, boasting over 300 years of experience, sample 500 cups daily, ensuring artistic precision.
