PRODUCTION AREA

In 2020 we opened the new factory which now brings our production area to 18,000 m² on 2 different production sites

REFRIGERATED WAREHOUSE

In the same year we also upscaled our storage space, inaugurating our new 1,800 m² refrigerated warehouse

SOLAR PANELS

We installed solar panels that allow us increasing our efficiency and avoid the emission of 300 tons of CO₂ per year

PURIFIER

The new water purifier, which has been operational since 2021, purifies the water used in our processes and recycles it back into the environment

THERMIC EFFICIENCY

We recycle the heat generated by production processes to heat offices and other spaces that are also insulated from the outside with special panels

NEW CONCEPT STORE

At the new factory there is also the new concept store where our customers can buy our products and try them in new delicious recipes

WHO IS BOCON

WE ARE A FAMILY COMPANY WITH AN ENTREPRENEURIAL SPIRIT

BOCON s.r.l. is a family business founded in 1987 with the enthusiasm of Luca Ricci and his wife Donatella, entrepreneurs with a great food and wine culture. Bocon is located very close to the Prosecco hills and vineyards in the Veneto region. It is internationally recognized as a manufacturer of **PREMIUM QUALITY** frozen ready meals. Our goal is to always bring true Italian quality products to tables all over the world. Our customers are mainly primary international retailers and food service companies.

WHAT MAKES BOCON DIFFERENT?

OUR PHILOSOPHY

PASSION FOR GENUINE FOOD

Through the years we've seen our products reach the world's tables but we have never forgotten the mission that had led us since the beginning: producing ready meals that taste as delicious and authentic as homemade ones. Our motto has always been: "If we don't like it, we don't sell it!"

TRUE ITALIAN TASTE

We are proud ambassadors of the Italian culinary know-how in the world and we hold traditional tastes as the dearest treasure. In our recipes we use authentic and specialty ingredients that are part of the Mediterranean diet and the Italian tradition, taking our customers on a surprising route of local flavors and recipes.

CONSTANT INNOVATION

Our Research and Development team is constantly focused on innovation, without losing the teachings coming from our Italian background. This aspect allows us to keep on launching innovative products and meeting the ever-changing consumers needs and the emerging market trends.

TAILOR MADE PRODUCTS

For over 30 years, we have been building our 360° expertise in the tailor-made meal solutions for retail and food service channels and we've become trustworthy partners of major retailers worldwide. Our customization services include recipes, formats, and packaging, always aiming at delivering successful products.

CLEAN LABEL FOOD

The quality of ingredients is our first priority. When it comes to choosing raw materials, we don't leave anything to chance in order to keep our labels clean:

- No preservatives
- No artificial flavors
- No artificial colors
- No thickeners
