Melodi's journey started in Turkey in the year 1957. We offer our high-quality chocolates to our own children and to our customers across the world with a peace of mind that only comes with using the best natural ingredients.

We combined the world's best cocoa beans, seasonal fresh nuts and naturally extracted colors with new techniques. We were the first supplier in our country to introduce products like dragees, chocolate coated almond candies and pebble chocolates.

We participated in feasts, weddings, special celebrations; we took part in sharing, friendship and conversation in the precious moments of life; we became a symbol of giving and accepting gifts.

## OUR PRODUCT RANGE
