

PRIVATE LABEL SOLUTIONS

BY GALICIA TRADE LLC

Galicia®

Tetra Gemina

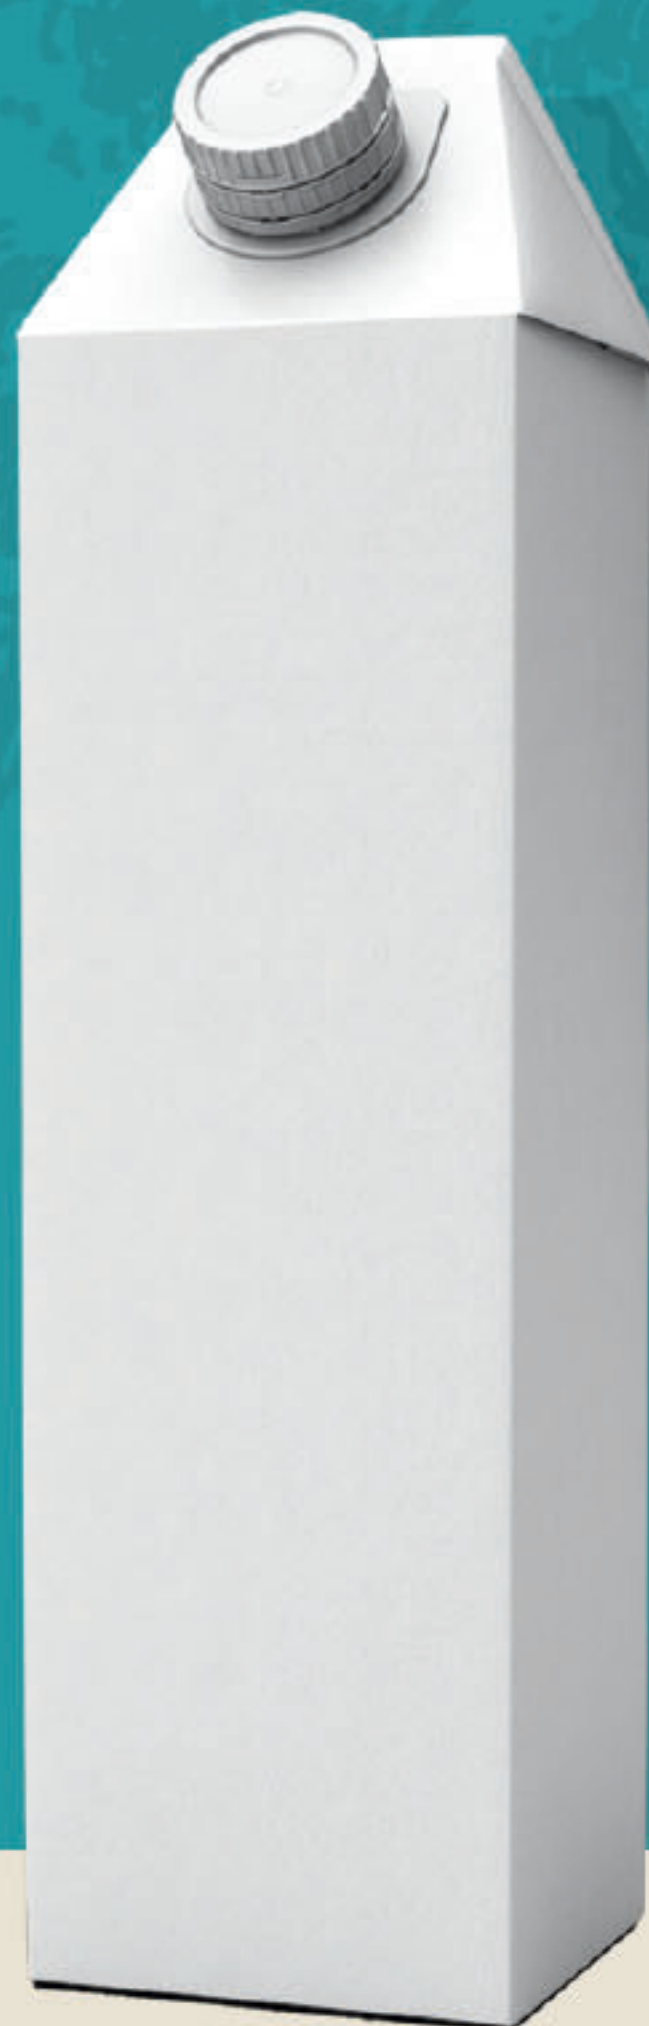

Packaging Type:

Carton

Suitable For:

All types of juices Volume: 0.95 L
and 1 L*Box Quantity: 12 units

**you choose the volume of products yourself*

HeliCap 26

Tethered caps are opening devices designed to stay attached to the rest of the carton package and help prevent plastic litter.

The cap is suitable for Tetra Gemina packaging. You can choose any color.

Galicia[®]

Tetra Leaf Aseptic

Packaging Type:

Carton with straw

Suitable For:

Juices and smoothies

Volume:

0.2 L

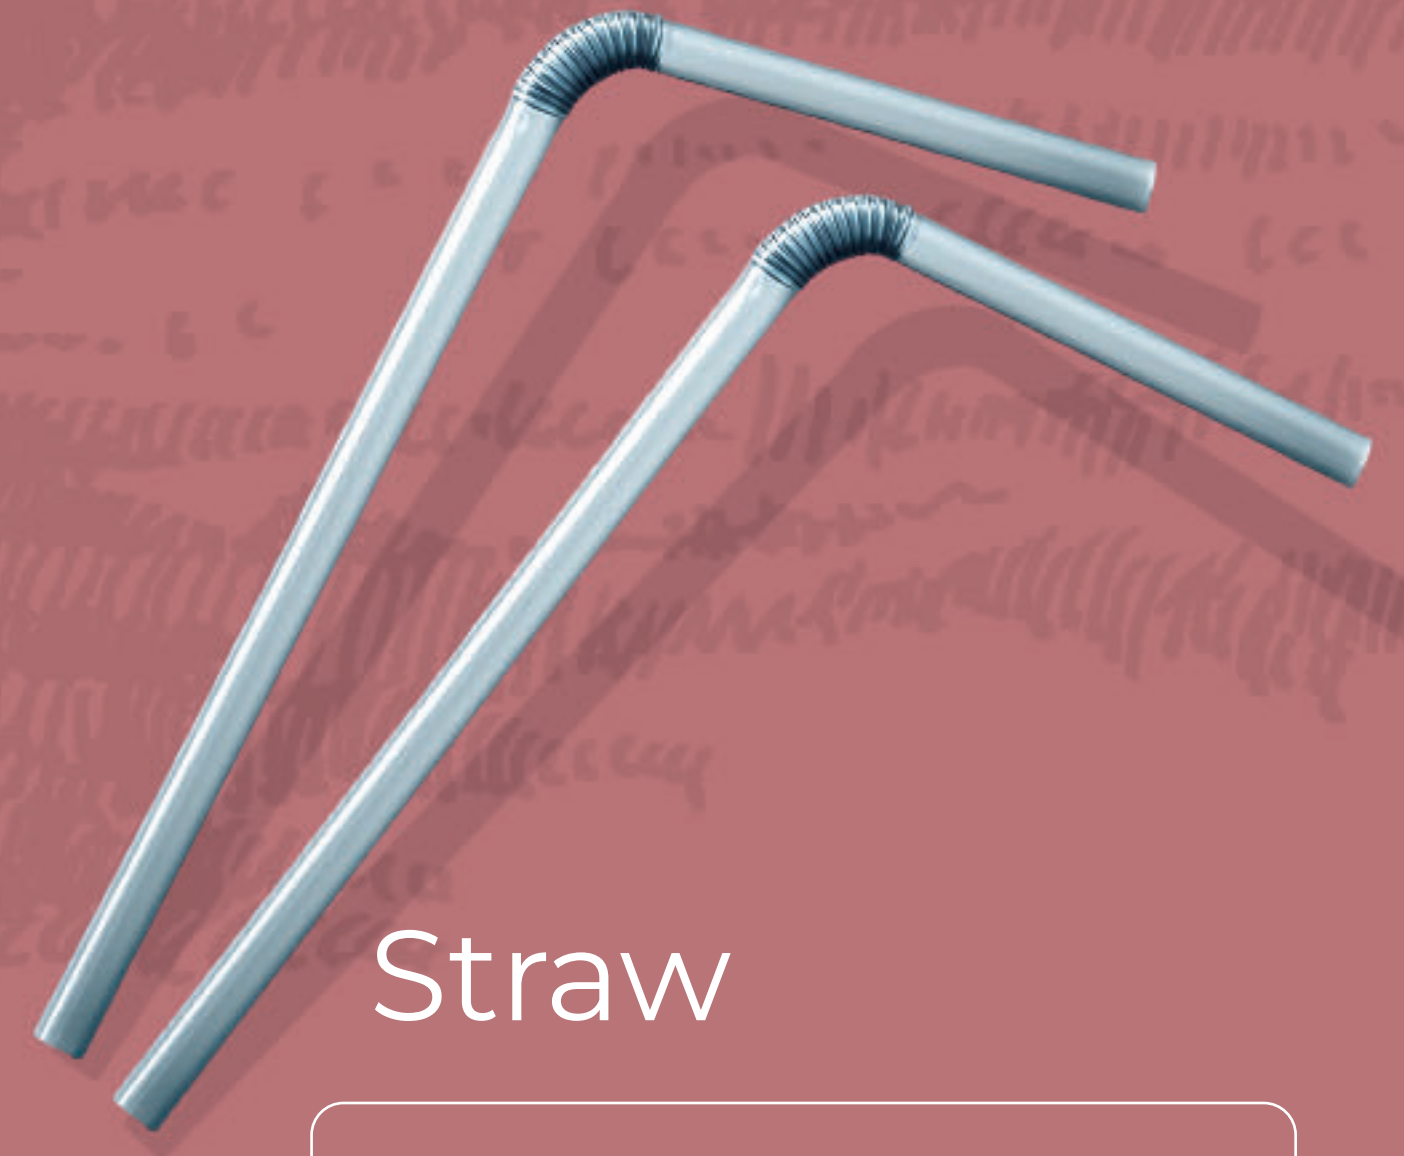

Box Quantity:

27 units

Use of two
types of straws:
plastic and paper
(customer's
choice)

The packaging is made unique by the side edge, where you can emphasize the advantages of the product; and/or add an emotional message

We offer two formats of straws for 200 ml packaging: plastic and paper.

The plastic straw is transparent; the paper straw is white.

We are ready to consider other proposals and wishes of the customer.

Galicia[®]

Pouch

Packaging Type:

Pouch with cap

Suitable For:

Juices and purees

Volume:

From 90 g to 250 g

The customer can choose the desired volume of products, but the packaging form also depends on this.

Caps & Spouts

A wide range of spouts and caps for Spouted Pouches. Including our world-class, anti-choking BabyCap™

In addition to choosing the shape and type of cap and spout, the customer can choose a color: from the list of offered ones, or display their own branded color.

Galicia®

Glass Bottle

Packaging Type:

Glass

Suitable For:

Juices and smoothies

Volume:

0.3 L and 1 L

Box Quantity:

12 / 6 unit

We can apply 3 labels to a bottle at the same time: front, back and collar. But the customer also has the choice of how many labels to place on the bottle.

Galicia[®]

Natural juices

- apple juice
- blueberry juice
- tangerine juice
- cherry juice
- pear juice
- blackcurrant juice
- orange juice

Galicia[®]

Concentrated juices

- apple concentrated juice
- cherry concentrated juice
- white and red grape juice
- pineapple concentrated juice
- pomegranate concentrated juice
- multifruit concentrated juice (orange, grape, apple, pineapple concentrate juices)
- elderberry concentrated juice
- orange concentrated juice

The customer can create their own flavor combinations from the range we offer. We are open to working with new raw materials. For example, lychee, cranberry, watermelon, lime, passion fruit, etc.

Concentrate – made from juice, from which up to 85% of moisture is removed under pressure and high temperature. Subsequently, distilled water is added to the concentrate to restore the juice. Under such conditions, it is impossible to preserve most of the vitamins and the drink loses its benefits.

Galicia[®]
