

Supersafe Industries, a leading manufacturer based in Malaysia specializes in producing EPDM granules and rubber mats for running tracks, playgrounds, and multifunctional sports flooring applications.

100% PREMIUM QUALITY
EMBRACE EXCELLENCE IN YOUR PERFORMANCE!

COMPANY PROFILE

Introducing **SuperSafe®** Safety Rubber Mats by **SuperSafe® Industries Sdn Bhd**, the eco-friendly and user-friendly solution. Our rubber mats are manufactured from recycled tires, processed to ensure cleanliness, safety, durability, and easy installation.

SuperSafe® Safety Rubber Mats provide protection with high absorption and excellent slip resistance, reducing the risk of injuries from falls, as well as offering a comfortable touch while lasting for years. Certified with ISO 9001:2015 and ISO 14001:2015, we are dedicated to ongoing excellence, consistently delivering quality products that exceed our clients' satisfaction. Our Safety Rubber Mats come in various shapes and sizes, suitable for playgrounds, walkways, schools, swimming pools, shooting ranges, horse stables, and more.

OUR PRODUCT EPDM GRANULES

SuperSafe® EPDM granules are synthetic rubber used for various applications such as wet pour safety rubber flooring, playground flooring, sports flooring, infill for artificial football turf, international running tracks and many others. It is durable and has excellent elasticity, which makes it a great option for children's playground flooring.

ISO Certifications

Supersafe® is certified with ISO 14001:2015 & ISO 9001:2015. We follow laws and commitments to reduce pollution and improve our quality.

Safe And Reliable

It is eco-friendly and reliable for running tracks and children's playgrounds with the best colour range and long-lasting durability.

Attractive Design

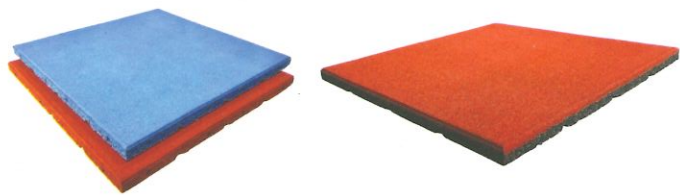

We have 25 colours suitable for your eye-catching design. Apply your creativity and create the most attractive EPDM flooring.

SUPERSAFE® PROJECTS

OUR PRODUCTS

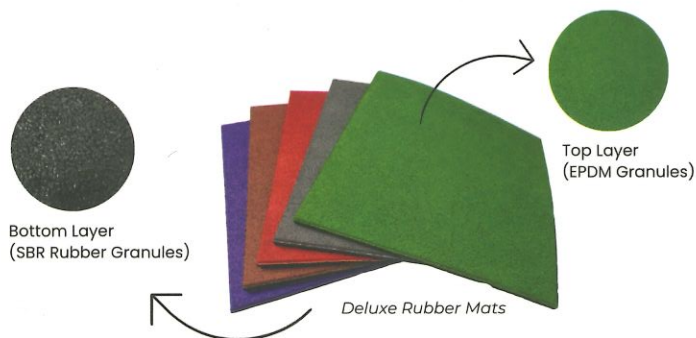

PLAYGROUND RUBBER MATS
