Aegean & Mediterranean Odyssey

A coastal adventure from Istanbul to the deep blue bays of the Turkish Aegean and Mediterranean.

This journey takes you over olive-covered hills, through pine-scented mountain passes, and along winding coastal roads that hug the sea. From the ancient sites of Priene and Ephesus to the House of the Virgin Mary—each stage blends history with the rhythm of the road.

Southward, the route follows the footsteps of ancient sailors – via Teos, Akyaka, and the Bozburun Peninsula, where rugged cliffs give way to quiet bays and small fishing villages. It continues to Datça and along the turquoise bays of the Lycian coast, past hidden harbors and ancient cities such as Knidos and Caunos.

Every day is a balance of curves and culture – scenic routes through green valleys and along the sea, combined with authentic cuisine, select wineries, and boutique hotels that reflect the spirit of the Aegean.

A tour where every curve opens up a new horizon – the true essence of motorcycling, shaped by history, nature and the sea.

Ride & Sail

Adventure for the driver, luxury for the partner.

The Ride & Sail Tour offers a rare combination of exciting coastal cruises and relaxing days of sailing along Turkey's most beautiful coastlines. From Izmir, the journey takes you via Alaçatı and Akyaka along the Gulf of Gökova to the turquoise bays of Göcek.

Each day alternates between winding coastal roads and yachting adventures: today you'll be drawing perfect lines through olive-scented hills, tomorrow you'll be swimming in quiet bays accessible only by boat.

This tour is also ideal for companions who don't want to drive themselves. While the drivers enjoy the feeling of open roads, their loved ones discover charming villages, historic sites, boutiques, and local markets in a private minibus—and the next day, they meet again for a private boat tour to experience the sun, sea, and magic of the Aegean Sea together.

Ride & Sail is where freedom meets comfort – a perfect blend of curves, culture, and coastal charm, designed to create unforgettable memories for riders and fellow travelers alike.
