THE EXPRESSION OF THE INTELLIGENT INDUSTRY

The leading trade show for processing and solutions for the food and beverage, pharmaceutical, and cosmetic industry.

andinapack.com

ABOUT ANDINA PACK

Is the leading international trade show for the food and beverage processing, pharmaceutical and cosmetic industries, offering innovative solutions, advanced technologies, packaging, wrapping, printing, and labeling for the market in the region.

This trade fair, powered by Anuga FoodTec, connects with the main buyer groups from the food, pharmaceutical, cosmetic, and printing industries, being the key platform for establishing highly qualified business contacts in the transformation, processing, and packaging segments.

IN 2025 WE EXPECT

andina ingredients

A specialized event for ingredients in the food and pharmaceutical industries in the Andean & Caribbean region. It has a focus on providing additives, colorants, flavors, essences, pathogen detection equipment, and complementary services such as cleaning and disinfection.

Andina Ingredients is aimed at managers, directors, and professionals in research, development, quality, innovation, and purchasing. The event brings together producers, importers, and marketers from the sector.

It will be an event in the framework of Andina Pack.

SIDE EVENTS

Andina Pack Master Connections includes three specialized agendas: Master Summit on food technology and trends; Master Talks for the printing and labeling industry; and Master Talks Pharma & Ingredients, focusing on pharmaceutical and cosmetic trends. Along with the Tres Rayas Awards, which connect academia and industry through innovative ideas from students, the program provides a concise platform for innovation and knowledge exchange.
