

About Us

We are a leading European manufacturer of hand tools for construction, with over 37 years of experience in the international market.

Our product range, which includes nearly 700 tools, is trusted by contractors across Europe, North America, Africa, Australia, and Asia. Our products combine high quality and innovation with reliability.

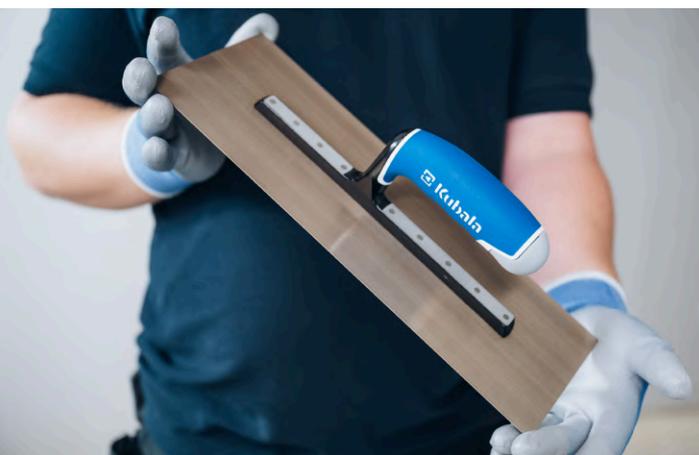

Adaptation to Local Markets

With experience in the Middle Eastern market, we can adapt our offerings to meet the needs of contractors in the region.

Our dedicated design department, prototyping facilities, and a network of testers ensure we provide tools tailored to local requirements.

Our Offerings

- hand tools for construction, including trowels, spatulas, plastering tools, and tool systems;
- a comprehensive line of hand tools designed for professional contractors;
- tailored solutions customized to meet the specific needs of local markets.

Why Choose Us

European-quality production guaranteed by our in-house quality control department;

products with international standards and certifications, such as RostFrei, FSC, ISO 14001;

a wide product range with over 700 items, meeting the needs of various contractors;

own designs, patented solutions, and exclusive innovations.
