Carpoint Snow Chains RVX

€ 26,39

**IN CART**

The Carpoint RVX 225 flexible snow chain is suitable for 100% full cars, motorhomes and light vans. With 18mm hardened steel pins and the cross track of the chain you are assured of optimum grip in the most challenging winter conditions. The flexible mounting ring makes the chain easy to assemble and compact to store. The semi-automatic autoblock mechanism has a plastic housing which, together with 2 plastic chain guides, ensures maximum protection of the wheel rim. Mounting is easy without moving the vehicle, just a brief check and possibly reweighting after the first few metres is enough to drive safely in the snow. Certified to Q-Norm V5017 and EN 13653-1, the Carpoint RVX meets all legal requirements for the use of snow chains in Europe.

- Flexible, robust snow chain with 18 mm hardened chain links in cross track
- Equipped with semi-automatic autoblock mechanism with plastic housing
- Supplied with emergency repair links, handy gloves, large format manual and sturdy storage bag
