Bring your ideas to life anywhere, anytime

When there's not a second to spare, you need the most popular Promethean apps to teach and present without missing a beat. Get instant access to top tools on your chosen compute device or computer—increasing the freedom to use flexible software both at and away from ActivPanel 10.

Plug and play

Seamlessly integrate with ActivPanel 10 and instantly use your favourite tools with Promethean's accessible suite of apps.

Keep what you love

Stick with what you know. Whether you use Windows, Chrome, or Mac, Promethean ActivSuite is compatible with top operating systems.

Your software, your choice

Plan, design, and deliver your lessons in any location—at work, at home, or on the go.

More possibilities, better engagement

Whiteboard
Increase real-time interactivity and quickly create engaging presentations with pre-made templates.

Annotate
Expand on a topic or make a point by writing over documents, presentations, websites, and videos.

Timer
Keep your group on task, boost productivity, and streamline time management.

Spinner
Enhance engagement with randomly selected items, names, or lists.

Screen Share
Easily share and display ideas from any person on devices like laptop and desktop computers, tablets, and smartphones.
